Marty and Chrystal Terry own 6 fixed weeks at the Charter Club and have been coming to the Charter Club for over 30 years. Marty was Financial Vice President and Treasurer for a three quarter of a billion-dollar automotive supplier with 26 divisions worldwide for 33 years and the Vice President of Business Affairs for the University of Findlay for 18 years before retiring.

Mr. Terry is finishing his first year as President of the board. Before being named President he was the Vice President for 2 years and Secretary – Treasurer for 4 years for the Charter Club. We, (Marty and Chrystal) have a great fondness for the Charter Club. We have spent much time there over the past 30 plus years and desire to see the Club stay successful far into the future. For us it is not just an investment, but a home away from home during the cold winters of Ohio. For these reasons, Marty would be honored to continue to serve on the board.
